

# FILIPINO VACCINE TALK STORY WITH THE DEPARTMENT OF HEALTH

The Hawai'i State Department of Health (DOH) is inviting you to join us for a "Talk Story" about the COVID-19 vaccine. It is open to all who are interested in learning about the vaccine.

DOH will share some basic background on the vaccine, how it was developed, what it does and doesn't do, and how the vaccination process works. After that, we hope to have a candid conversation with no "hard sell," just a chance for all of us to learn and better understand the vaccine and community concerns about it.

**Wednesday**  
**February 24, 2021**  
**6:00-7:30 PM**

**Join Zoom Meeting**
